Notice of Exclusion from Medicare Benefits

There are items and services for which Medicare will not pay.

- Medicare does not pay for all of your healthcare costs. Medicare only pays for covered benefits. **Some items and services are not Medicare benefits and Medicare will not pay for them.**
- When you receive an item or service that is not a Medicare benefit, **you are responsible to pay for it**, personally or through any other insurance you may have (secondary insurance carriers may not pay for services denied by Medicare – check your insurance coverage).

The purpose of this notice is to help you make an informed choice about whether or not you want to receive these items or services, knowing that you will have to pay for them yourself. **Before you make a decision, you should read this entire notice carefully.**

Ask us to explain if you do not understand why Medicare will not pay.

Ask us how much these items or services will cost you. (**Estimate Cost: \$**_____)

Medicare will not pay for outpatient physical therapy (combined with speech therapy) services beyond the \$1980.00 allowed annually.

The financial limitation is an annual per beneficiary limitation. The \$1980.00 limitation is on allowed expenses prior to any application of the deductible, the maximum amount payable by the Medicare program is \$1584.00, which is 80% of the \$1980.00. The beneficiary is responsible for paying their standard 20% coinsurance. If the Part B deductible is not met, \$183.00 of allowed expenses will be applied to the beneficiary's deductible. Then the maximum amount payable is 80% of the remaining \$1797.00 (\$1437.60). The beneficiary is responsible for paying 20% coinsurance on the \$1797.00 (\$359.40) plus the \$183.00 Medicare deductible. All physical therapy services provided beyond this limitation are the beneficiary's responsibility to pay.

The limitation is based on services the Medicare beneficiary received not the type of practitioner who provides the service. Therefore, physical therapists, speech-language pathologists, and occupational therapists as well as physicians and nonphysician practitioners may render a therapy service subject to the limitation.

I, the undersigned, am authorized and have read and acknowledge all of the terms and conditions of this **Notice of Exclusion from Medicare Benefits**.
